**Fascinator x 2016414.** Sire, Collynie Fascinator x 1957471 by King Collynie Jr. x 1718025 out of Cumberland Foxglove. Dam, Augusta 108th by King Collynie Jr. x 1718025.

**Browndale Referee x 1877848.** Sire, Sultan's Standard x 1582689 by Beauty's Sultan x 1282362 out of Lavender's Rose 2nd. Dam, Lady Clipper by Loyal Browndale 1464108.

**Sultan's Standard x 1582689.** Sire, Beauty's Sultan x 1282362 by Sultan Masterstroke x 555455 out of Type's Beauty. Dam, Lavender's Rose 2nd by Matchless Goods x 785640.

**Fascinator Standard x** was the 100% dehorning herd sire that we used to start the Birmingham Polled Shorthorn Project. He possesses in full measure that combination of size and quality that has been our objective right along. One of the breed's greatest sires, his sons and grandsons continue to transmit those rare qualities so essential in every breeding programme. We have shipped his sons to nearly every Province in Canada and to five Artificial Units in Canada. One son and 18 daughters sell.

## **I N F O R M A T I O N**

**Purchaser's destination slate will be posted by clerk on sale day, enabling purchasers to make group shipments wherever the cattle may go.**

**Arrangements for cattle liners to Provinces of Western Canada group shipments can be made with a minimum of delay.**

**Premium on American money is approximately 7½ per cent. Official Bank rate will be announced sale day.**

**If it is advantageous to buyer we will hold cattle for reasonable length of time.**

**We will be pleased to give you every assistance.**

# ANNOUNCEMENT

---

In 1832 Walnut Farms was established as a breeding centre for quality livestock. At a later date many cattle were shipped to the markets of Great Britain by the late Duncan Brown who visited the Scotch Shorthorn herds of Amos Cruickshank, Wm. Duthie, J. Bruce and W. S. Marr. It was Shorthorns of this breeding that established the Walnut Shorthorn Herd well before the turn of the century. Sound judgment was exercised in the selection of herd sires with emphasis on growth, ruggedness, proper bone structure and fleshing, which made a contribution to the Shorthorn Breed, as outlined in the book "Shorthorns in Canada" by the late Duncan Marshall.

Down through the years I have ever been grateful for the sound judgment and high standards set in establishing this herd, bringing out the best qualities of the breed, which gave a pedigree an added meaning and produced Shorthorn Cattle that were profitable to breed, own and feed.

No Breed or Breeder can afford to neglect the Commercial Competition in this livestock business. The assessment of our Commercial Cattle Producers decides the rise or fall of every beef breed of cattle. The only way to deserve this patronage is to supply him with seed stock that is superior in performance and that will give him an additional profit in his business. Our appreciation goes out for the continued patronage over the years from so many Breeders, whose judgment we value and thanks for their co-operation in our test plan, the results of which was verified by the Ontario Advance Registry for Beef Cattle. Walnut Bulls have been selected by five Artificial Breeding Units in Canada.

The decision to establish the polled factor into this old established Scotch herd was studied for four years. It would be no problem provided we could secure a Polled Bull with dependable qualities backed by sound breeding. Thanks to Ben Franklin of Birmingham Farms, Fascinator Standard was purchased and moved to Walnut Farms in 1950. He was the right bull, weighing 2,300 lbs., of proper bone structure and fleshing, also a 100% dehorner. His many calves sold throughout Canada proved that to be true and this was proved again in Ontario Advanced Registry tests. Another 100% dehorner with international fame, White Oak Rothes, was moved in. He was followed by Walnut B. Standard 5th, a combination of both mentioned sires, his calves proved their worth in Advanced Registry tests. He was a 100% dehorner.

After thirteen years breeding Polled Shorthorns, we are convinced the potency of good Polled Shorthorns is unlimited. Their value can match any competition in the beef cattle business and the many things we were warned about did not materialize.

The decision to disperse this old established herd was not an easy decision as over the years it has given us great pleasure and paid good dividends, but as there is no one to carry on the Breeding Programme and the pressure of other interests makes it necessary, so when the sun sets on Walnut Farms on June 8th, this old established herd will have passed to other hands. If you do your part I am convinced the cattle will do the same for you as they have done for us.

DUNCAN A. BROWN.

**White Oak Rothes x** — Grand champion bull at the Indiana State Fair. This bull was a stock bull at Lynnwood Farms. Among the many winners he sired for Lynnwood was the first prize senior yearling heifer at the 1955 International. This bull is a polled grandson of the Perth champion, Royal Rothes. He is a 100% dehornor. A number of his sons and daughters are included in this sale. One son and 11 daughters sell.

White Oak Rothes x, in two year old form.

A deep red bull that weighed 2,200 lbs. 100% dehorner. Had the misfortune to lose this bull who was breeding exceptionally well. Several sons and daughters in sale. Three sons made the Advance Registry Tests.

	Daily Gain	Finishing Weight
Walnut Gold Standard 21st	3.10 lbs.	1,100 lbs.
Walnut Gold Standard 23rd	3.41 lbs.	1,050 lbs.
Walnut Gold Standard 24th	3.00 lbs.	1,020 lbs.

Walnut Fascinator Standard 11th  
Full Brother to Lot 1.

## GENERAL INFORMATION

### Health:

The Walnut Polled Shorthorn Herd is Fully Accredited and from Brucellosis Accredited Area.

### Conditions:

A certificate of Registration transferred to Purchaser will be furnished.

After the cattle are sold the seller will feed and care for each animal for a reasonable length of time but at the purchaser's risk.

Announcements made on sale day from the auction stand will take precedence over printed matter in this catalogue.

Although every precaution will be exercised to protect the comfort and safety of those attending the sale, the owner cannot assume any liability for any accident which may occur.

As this is a dispersion sale no guarantee will be given but all bred females will be examined for pregnancy by Dr. John Thompson and mature bulls will be checked for semen quality.

This is a practical and healthy breeding herd of Polled Shorthorns, fully accredited since 1926, vaccinated since 1938. Have never had a reactor to T.B. or Bangs.

We expect a cow to produce a calf each year and raise that calf. No nurse cows. Herd will not be fitted for this sale but will be sold in breeding condition.

TERMS: CASH.      LUNCH AVAILABLE      SALE UNDER COVER.

## Lot 1

Male

**WALNUT FASC STANDARD 56th x — 361782 —**

Tattoo: CSD K9, right ear

Roan. Born 29 July, 1955; bred by Duncan A. Brown, Shedden, Ont.

Sire: Fascinator Standard x —  
297238 —Fascinator x — 2016414  
Lynnwood Meadow Lady x — 2061263

Dam: Walnut Melba 8th — 380195 —

Klaymor Grenadier — 263382 —  
Walnut Melba — 344999 —

Walnut Fasc. Standard 56th is a full brother to Walnut F. Standard II. He was sold on a half-interest basis. After seeing two crops of calves sired by him, we decided to return him to Walnut Farms. Was leased to the Oxford District Cattle Breeding Association for some time but is now in service at Walnut Farms. One of the last sons of Fascinator Standard. Weighs over the ton.

## Lot 2

Male

**WALNUT B. STANDARD 3rd x — 377431 —**

Tattoo: CSD N7, right ear

Red. Born 27 Feb., 1958; bred by Duncan A. Brown, Shedden, Ont.

Sire: White Oak Rothes x —  
356410 —Lynnwood Victor x — 2375882 —  
White Oak Matchless 8th x — 2264023 —Dam: Walnut Melba 8th —  
380195 —Klayor Grenadier — 263382 —  
Walnut Melba — 344999 —

A son of White Oak Rothes, was very promising calf, sold on half interest basis. His calves were most promising and has just been returned to Walnut Farms. His half brother made Advanced Registry test of 3 lb. gain, finishing at 1,020 lbs. He is half brother to Walnut F. Standard 56.

## Lot 3

Male

**WALNUT A STANDARD 11th x — 366675 —**

Tattoo: CSD K26, right ear

White. Born 26 Dec., 1955; bred by Duncan A. Brown, Shedden, Ont.

Sire: Walnut F. Standard 11th x —  
338705 —Fascinator Standard x — 297238

## OUR CHECK PLAN

An animal can only transmit those inherent qualities it possesses. A check on calves sired by a bull gives a dependable answer.

We sold several bulls on a one-half interest basis to get the following information:

1. Evenness of calf crop.
2. Size, vigour and strength of calves.
3. Gainability of calves.
4. At what age and weight were they marketed.
5. Were they profitable.

The results of these tests have meant repeat customers.

## CANADIAN LIVESTOCK SCALE

Manufactured by Claude V. Weir, owner of Donnyweir Polled Shorthorn Farms. Scale will be sold sale day.

### Here are just a few comments:

#### STALKMAR FARM, DUTTON:

My Polled Shorthorn bulls have done an excellent job for me, and the horns are gone! I like the rugged type and even quality of the calves. They have that extra length, and width on top. They respond to feed and have good growth, and also grade well. I am convinced that they have the breed quality for profitable cattle. I am well satisfied.

(sgd.) C. Marsh

#### FAIR MEADOW FARM, FINGAL:

We started using Walnut bulls in 1920, and in recent years have used four Walnut Polled Shorthorns. We like the type and quality of their calves . . . and rugged, smooth and docile. They grow and feed well. We are pleased with the results, and, our horned problem has disappeared.

(sgd.) L. Sutherland

#### HILLVIEW FARM, PORT STANLEY:

We have used two Walnut Polled Shorthorn bulls, and are happy with the results. They have produced strong calves, with quality, that grow and gain. They finish fast, and have given us a good profit in the cattle business. Our horn problem is ended.

(sgd.) E. Shelley

## ONTARIO ADVANCED REGISTRY TESTS

### Sons of Fascinator Standard X

Under the Sire testing plan, where four calves were put on Test

The following figures are taken from Circular No. 223, a report of the Ontario Advanced Registry for Beef Cattle, by the Department of Animal Husbandry, Ontario Agricultural College and the Ontario Livestock Branch.

The first twenty beef sires to complete the test, made the following AVERAGE records:

### Compare

Average Record	Initial Weight	Final Weight	Average Daily Gain	Grain Per Pound Gain	Carcass Score
of first 20 sires	474.6	841.1	1.85	6.30	67.7
<b>Fascinator Standard x</b>					
calves	463	932	2.23	5.60	78.5

**Sons of Walnut B. Standard 5th X — 2,200 lbs. — 100% dehorner.**

**A combination of Fascinator Standard and White Oak Rothes.**

Under Ontario Advanced Registry Test

	Start Wt.	Finish Wt.	Total Gain	Gain per day	Time
Walnut Gold Standard 20th	668	1105	437	3.12	
Walnut Gold Standard 21st	650	1100	450	3.10	145 day
Walnut Gold Standard 23rd	555	1050	495	3.41	145 day
Walnut Gold Standard 24th	585	1020	435	3.00	145 day
